Vinnie Ream was the first woman and the youngest artist to ever receive a commission from the United States government for a statue. She was an "Omnibus child prodigy" with remarkable talent. She was also a member of the National League of American Pen Women, Inc.

Help us support both The National League of American Pen Women and The National League of Families of POW/MIA by purchasing these books. For every purchase, a donation will be made to support their important efforts.

National League of American Pen Women members collaborated to create a worthy tribute to Mr. Lincoln. This is an inventive, adventurous collection of art, words, historical photos, articles and music influenced by Abraham Lincoln.

You will meet remarkable POW/MIA wives and mothers, who display the true backbone of this country: the triumph of American spirit and perseverance over incredible adversity. Their symbol becomes the black and white U.S. POW/MIA flag. You'll learn about that flag, how and why it was created.
